

NORTHEAST RUSH

WEBSITE | BEFORE & AFTER

Northeast Rush came to LeagueApps in search of a website that would put their brand front and center and provide members with an easier registration experience. So we built them a digital destination that told their story and supported their community.

MAKE YOUR MARK

IS YOUR SITE MAKING A WINNING FIRST IMPRESSION?

Showcase your programs with a site that tells your story and puts your registration front and center. You'll work with a designer—not a template—to create a unique digital destination for your organization.

THE HOMEPAGE

The most critical real estate there is. We focused on making it easier to navigate for existing members, and brought in dynamic visuals to catch the eye of potential players, parents, and coaches.

STREAMLINED SITES

Organizations with multiple websites often struggle to maintain them efficiently. We created individual landing pages for each of their multiple locations and made it possible to add new ones easily, plus edit each of them from the main site's back end.
